

EXPERIENCES AND MUSEAL ACTIVITIES YEAR 2023

Museum Tour

The tour at the soap museum, that is an old restored 19th century building with high ceilings and original stoneworks, will give to you the possibility to experience the beauty of the history of soap produced in the mediterranean area since around 5000 years. The inspiration to open a soap museum, comes from our experience in making and producing soap and natural cosmetics. We would like to share our passion and knowledge about the history, science and technicalities of soap making with everyone interested in learning more about this essential product. Inside the museum, furthermore, on display are two old presses and other agricultural tools, typical of South West Sicily.

Experiences and museal activities – 2023

Laboratories and Experiences

Laboratories and Experiences organized by our Museum focus on the world of soap and you will discover this product not only from an historical perspective but also from a scientific one. Visitors will have the opportunity by using different substances to learn different steps of the soap process. At our Museum it is possible to choose among different laboratories and activities for all ages, from kids to adults. For all laboratories and experiences is required the reservation.

SOAP LAB FOR KIDS

This activity is designed especially for kids to help them in learning more about soap through the art and creativity. During this experience kids will personalize a little soap heart by using a methodology that resembles the industrial “melt and pour” process. In this way children will learn about physical state of matter and also they will recognize the odours by using special spices and herbs that they can add to their soap to customize their parfum. Then, with the use of the molds, they will give to their soap a special shape. And finally they can bring home their soap as a souvenir of this experience.

Duration: 15 min

Price: 6,00 euro per kid/soap

Timetable: Soap lab for kids can be only booked with a tour at the Museum and they will start 15 min in advance with respect to the tour booked.

SOAP AND OLIVES EXPERIENCE (Only for adults)

This experience is based on the main features of soap: ingredients, raw materials and so the land behind them. Our guests will be involved in a special tour at the soap museum. Then, there will be a workshop about how to make a soap starting from extra virgin olive oil. Our guests will have the possibility to choose among several ingredients like our citrus essential oils or fresh mediterranean herbs from our garden to personalize their own soap. We will make together this soap and our guests can collect it at the end of the experience to bring it with them at home.

Furthermore our guest will learn more about how to taste an extra virgin olive oil through a simple lesson and a panel test of our extra virgin olive oil. At the end of this experience, we will relax under an olive tree drinking a glass of a nice sicilian wine and tasting some special sicilian tapas and olives from our olive garden.
